

Dear Friends,

I would like to invite you to participate with us in a unique week of training aimed specifically at church leaders, counselors and pastors. Firstly, allow me to briefly explain who we are and what we about.

The Journey Program is one of the programs in the world that looks specifically at the relational and sexual issues that we all face. We know that Jesus is committed to healing and restoring who we truly are as we learn to live as His disciples, and the program provides a discipleship vehicle for that process to flourish.

The week we will spend together will not be a typical week of training rather than telling you how the program operates, we invite you to participate in the same experience that participants in Journey Program will have. In modeling the program to you, you will have an opportunity to receive personal healing and refreshment, as well as learning the first steps in beginning this ministry and the support that will be available to you when you begin this in your own community.

Please consider joining us. I believe that you will come away enlivened and encouraged, with a fresh vision for what God can do in our lives and communities!

Toni Dolfo-Smith

Journey Canada, Executive Director

## Registration Information

### Conference Details

Starts Sunday, 27<sup>th</sup> January at 3 p.m.

Journey Thailand

# Building People

At the core, Journey Thailand is about people, seeing God's children live holy and authentic lives. Our prayer and discipleship programs provide safe places for men and women to be honest about their relational and sexual struggles, and to be renewed through God's healing work. In order for our programs to grow and flourish, we provide training conferences that build and mentor people as leaders within local groups.

## Equipping Leaders

Journey Thailand is hosting a training conference in order to equip men and women who want to become leaders in local Journey groups, or who want to establish a Journey program in their church community.

As well, the conference is open to those in pastoral ministry, professional counseling and lay leadership.

Through an intensive week, participants will walk through a condensed version of the Journey Discipleship Course — which includes times of worship, teaching and small group ministry.

With this experience, men and women will grapple with their own personal relational and sexual struggles, allowing them to deepen their relationship with Jesus and enabling them to empathize with others.

Senior leaders within the ministry lead all the sessions and small groups, which gives participants a firsthand experience with the essentials of a Journey program.

**Find hope. Live life.**

## Learning Essentials

The training conference also teaches the key aspects of running a Journey Thailand program. Workshops include sessions on:

- Effective prayer ministry
- Understanding sexual abuse and sexual addiction
- Team development
- Ministry fundamentals of Journey programs
- Program specifics for Journey 101 (6 week introductory course on healing) and the Journey Discipleship Course (6 months)
